

Community Reinforcement Approach Family Training Course

For Those Working With Families/Concerned Others Affected By Addiction

9th & 10th April in CASADH Addiction Service
13 IDA Centre, Newmarket Square, Dublin 8.

- **Would You Like A Practical Evidence-Based Model To Help You Support Families/Concerned Others Affected By Addiction?**
- **Would You Like To Would Become An Accredited CRAFT Practitioner?**

What is Community Reinforcement Approach Family Training?

CRAFT is an evidence-based treatment programme for family members/significant others of substance users that offers them practical tools to:

- Support the substance user into treatment;
- Help decrease the substance user's drug-taking;
- Increase the happiness of the family member/concerned other, independent of whether the substance user enters into treatment or not

CRAFT Training Course:

This two-day training course fulfils the basic training requirement for the participant to go on and seek accreditation as a CRAFT Practitioner. Additional study and supervised practice will be required in order to achieve accreditation as a CRAFT Practitioner.

The cost of the two day course is €199.00 and this fee includes all handouts, materials and a certificate of completion for continuing professional development purposes. A Certificate of Attendance will be awarded on completion of the training.

For further information or bookings contact Yvonne at 087 9081189

or copepsychotherapy@gmail.com by Friday 6th April 2018

About the trainer:

Yvonne Booth is an accredited CRA/CRAFT supervisor and trainer (trained by the developer of CRAFT, Professor Robert J Meyers) and has trained staff in a number of addiction agencies within Ireland. Yvonne is an accredited psychotherapist and previously managed a range of addiction services where she successfully integrated and integrated the CRA and CRAFT approach into existing addiction treatment models.
